Dear Sirs,

It is our pleasure to invite you to attend the 21st Oil-Gas AGH ’2010 Conference, which will take place in Zakopane, on 27-29 May, 2010.

The aims of the conference are summarized in the subtitle: “Modern methods and technologies in petroleum geology, drilling, geoengineering, reservoir engineering and gas engineering”. We hope the conference will be the great opportunity to present scientific and technological achievements of the faculty’s staff and engineers working in the European petroleum industry. We are entirely convinced that the conference organized by the Drilling, Oil-Gas Faculty allows sharing experience, ideas and discussing new research fields involving the oil geology, the drilling and geoengineering, the reservoir engineering and petroleum engineering.

The Organizing Committee invites to the participation in the conference and delivering papers. Details related to registration and abstract submission are given below. Decisions concerning acceptance of abstracts will be made by the Scientific Committee. Accepted papers will be delivered during the oral sessions or presented as posters. All papers will be published in Vol. 55 (4) Archives of Mining Sciences and AGH quarterly journal Drilling-Oil-Gas.

Prof. Andrzej Gonet, D.Sc., Ph.D.
Dean of the Drilling, Oil-Gas Faculty

Stanisław Nagy, D.Sc., Ph.D.
Chairman of the Organizing Committee
ORGANIZING COMMITTEE
Chairman: Stanisław Nagy
Co-Chair: Jan Artymiuk
Technical Secretary: Elżbieta Lis
Scientific Secretary: Stawomir Wysocki
Rafał Smulski
Financial Secretary: Piotr Kosowski
Members: Zbigniew Sztymar
Łukasz Klimkowski
Rafał Sedlaczek
Iwona Szlązak
Justyna Polańska

MAILING ADDRESS
XXI Międzynarodowa Konferencja nt. „Nowe metody i technologie w geologii naftowej, wiertnictwie, geoinżynierii, inżynierii złożowej i gazownictwie” OIL - GAS AGH’2010
Akademia Górniczo-Hutnicza im. Stanisława Staszica,
Wydział Wiertnictwa, Nafty i Gazu,
Al. Mickiewicza 30, 30-059 Kraków
tel./fax: +48 12 617 2215
e-mail: elis@agh.edu.pl

CONFERENCE ORGANIZER
Foundation Drilling-Oil-Gas, Science & Traditions
Al. Mickiewicza 30, 30-059 Krakow
and
AGH University of Science and Technology
Drilling, Oil-Gas Faculty
Al. Mickiewicza 30, 30-059 Kraków.

LANGUAGE
The official languages of the Conference are: English and Polish (simultaneous translation).

SPECIALIZED SESSIONS ISSUES:
1. Hydrocarbon exploration
2. Drilling and geotechnology
3. Oil & gas fields production
4. Natural gas transport & distribution
5. Protection of the environment & new technologies in energy extraction

PANEL DISCUSSIONS ISSUES:
1. Development of the natural gas industry in Poland in years 2010-20
2. Underground Gas Storage

ACCOMMODATION AND VENUE
All participants will stay at hotel HYRNY, where the Conference will be held.
OKW “Hyrny” Pilsudskiego 20, 34-500 Zakopane
http://www.fwp.pl/2021.dhtml

CONFERENCE WEBSITE:
http://www.oil-gas.pl

IMPORTANT DATES
1. Submission of abstracts 08/01/2010
2. Abstract acceptance 15/01/2010
3. Full paper submission 30/01/2010
4. Full paper acceptance (after reviewing) 15/02/2010
5. Full paper submission deadline 01/03/2010
6. Declaration of participation without presentation 31/03/2010
7. Submission of presentation 15/05/2010

FEES:
Registration fees
before 15th February 2010: Participant 420 €
Acompanying person 210 €
after 15th February 2010: Participant 480 €
Acompanying person 280 €

Registration fee includes:
• accommodation (2 nights)
• full board
• proceedings
• souvenirs
• social events

PAYMENT
The conference fee should be paid by bank transfer to account:
Raiffeisen Bank Polska S.A.
ul. Piękna 20; 00-549 Warszawa Oddział w Krakowie
account number 71 1750 1048 0000 0000 0344 4732
with notice: WWNiG XXI OIL-GAS AGH’2010

ADDITIONAL INFORMATION
Details regarding to the form of the paper and its printing will be sent with the decision on acceptance. Please fill Registration Form and dispatch before March 31, 2010. This information will be used to send further information in Bulletin 2 (by e-mail).

EXHIBITION OPPORTUNITIES
The organizers also provide an exhibition area for the presentation of tools, equipment and systems used in drilling, geotechnology, trenchless technology, petroleum production, reservoir engineering, and gas engineering. In addition, it is possible to: order the company’s advertisement in the conference materials, make the company’s presentation during the conference (up to 20 minutes), and rent the exhibition place (rafał.sedlaczek@agh.edu.pl).
